

Tribology - Contact mechanics - Interfaces - Computational mechanics - Living tissue
Processes System Dynamics - Structural acoustics - Geomaterials - Sustainable construction

Figures

Staff 325

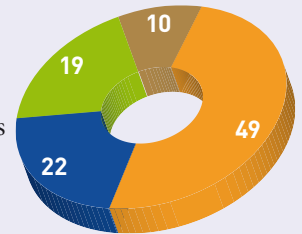

- 62 teacher-researchers.
- 23 researchers, including 11 CNRS.
- 46 engineers, technicians and administrative staff, including 11 CNRS.
- 169 PhD students and postdoctoral researchers.
- 17 contractual engineers, technicians and administrative staff.
- 8 other teachers.

LTDS resources

7 million euro

- 49% industrial contracts.
- 22% national calls for projects (ANR, FUI, etc.).
- 19% other calls for projects (Carnot, region, etc.).
- 10% European projects.

Consolidated budget

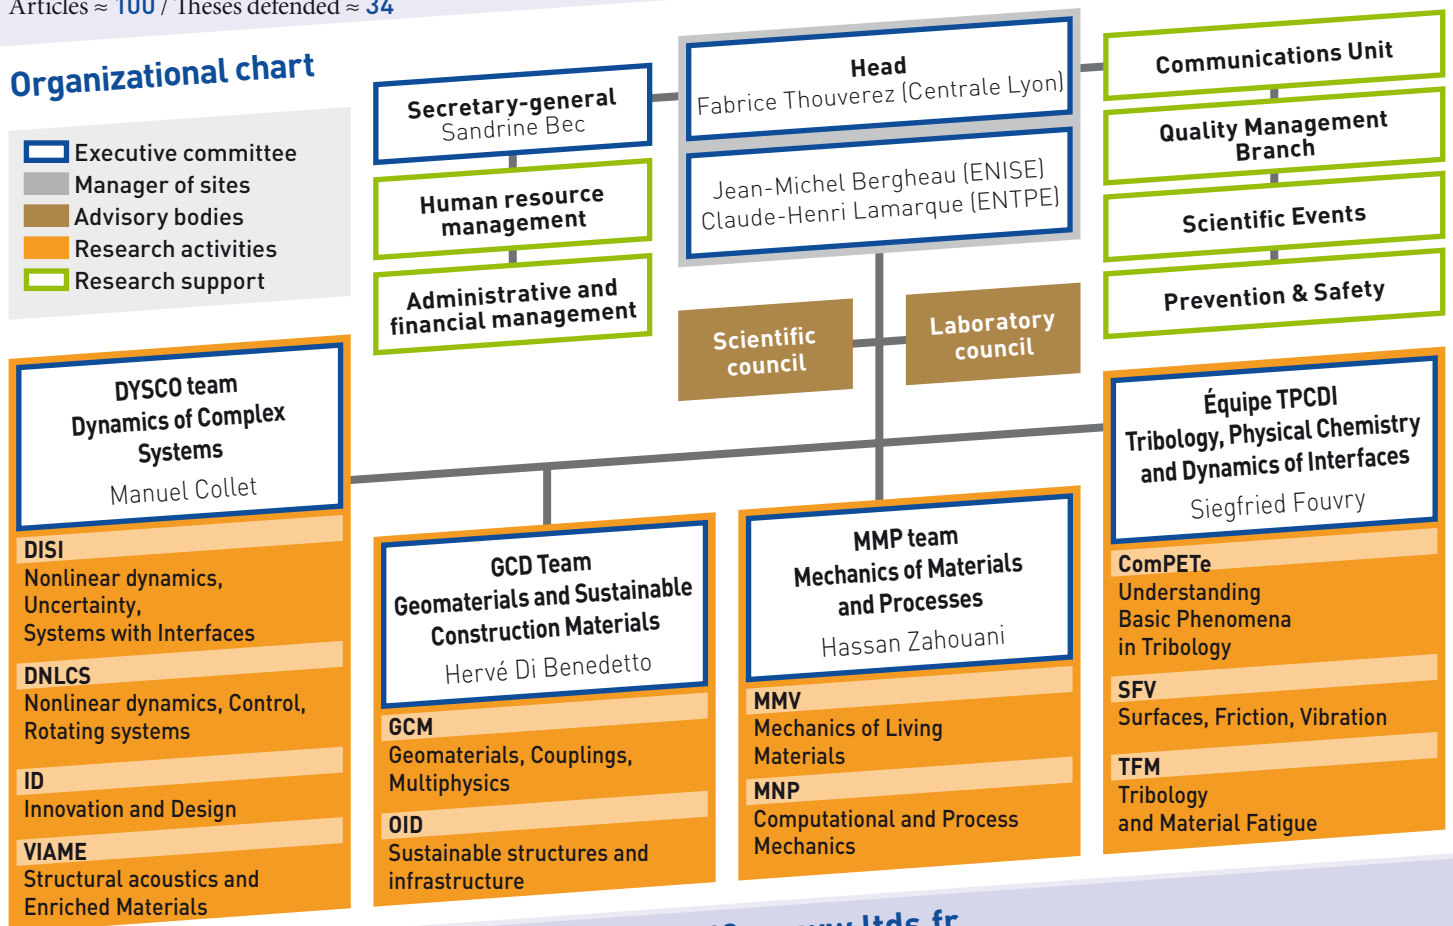

14.2 million euro

Scientific output/year

Articles ≈ 100 / Theses defended ≈ 34
